IN ATTENDANCE: Ms Kate Lewis, Mr Rob Green

There were no DECLARATIONS OF INTEREST

The meeting commenced with a Presentation given by PC 602 Andy Pole and PCSO 8057 Helen Scott of Dyfed Powys Police on the Community Speed Watch Scheme.

They were welcomed by the Chairman. The Clerk explained to the meeting that Kirsty Williams A.M. had suggested that the Community Council contact PS 960 Adele Pitt, the Neighbourhood Policing Sergeant for Breconshire and ask if she'd be able to attend our next meeting to explain the new scheme which involves the Community in monitoring the speeds of vehicles travelling through Erwood. The Clerk had recently written a letter to Mr Richard Williams, Welsh Assembly on the Road Safety Review stating the Council's concern over the speeding of traffic through Erwood Village over many years and listed the various requests the Community Council had made to many different bodies in the past with no success.

A report on the speed strips provided in Erwood Village by GoSafe, the All Wales Road Casualty Reduction Partnership from Swansea showed that between 2nd and 8<sup>th</sup> November 2015 the average eastbound traffic travelled at 33 m.p.h., the average westbound was 29.4 m.p.h. . The average number of vehicles per day was 5681 and the two-way average was 31m.p.h with 85% travelling an average of 35.8m.p.h. and 96% at 39.4 m.p.h.

It was reported that the Speed Indication Device installed in 2012 worked very well in Erwood with traffic slowing down on seeing their speed flashing up before them and most of the local residents wanted to have them installed in Erwood again. The police in attendance explained that there are only 2 sets in Powys, but Community Councils had the option of purchasing their own for approximately £1,300 for 1 set of cameras and 3 sets of brackets which could be moved around or the Council could join with a neighbouring Council to share the cost.

PC Andy Pole and PCSO Helen Scott spoke of the Community Speed Watch scheme being an opportunity for the local community and the Neighbourhood Policing Team to get together to address the concern of vehicles travelling too fast on the roads in this area.

A Community Speed Watch group could be set up with at least 6 volunteers required over the age of 18 who are willing to contribute a short amount of time to the scheme. The aim of the scheme is about raising awareness, addressing local concerns and gathering evidence to identify the extent of the problem but is not about prosecution or issuing fines.

A safe place in the Village will be identified and the Dyfed Powys Police will provide the equipment (speed guns) and instructions needed. The information will provide awareness amongst the drivers who chose to speed and will be used as evidence for increasing police resources at the location with more traditional speed enforcement measures. It would also support applications in agreement with the Local Authority for Road Safety measures such as increased/or flashing signs and other road calming measures.

It was suggested that the local Young Farmers Club become involved with the Community Council and the Neighbourhood Policing Team would welcome discussions with the Club or any other organisations or schools in the area.

The Police were thanked by the Chairman for a very interesting and informative presentation, and it was agreed that all present were very keen to start up this scheme as soon as possible.

A letter from one of the residents of Erwood Village was read out and comments noted as being very similar points to the letter the Clerk had written to the Welsh Assembly. Another resident enthusiastically agreed to speak with the Club Leaders of the Young Farmers' Club to encourage them to request a presentation of this Scheme to be made to the Club and to encourage the members to get involved.

The meeting then followed:

MINUTES OF THE LAST MEETING were discussed and it was agreed that the Chairman signed them as a true record.

## MATTERS ARISING

### Minute 20-2016

Community Speed Scheme	Following the above presentation, it was agreed to ask for rumble strips each end of the Village but to state that there should be sufficient space between curbs and the start of the strips to enable cyclists to ride and avoid the strips. It was also agreed to ask PS 960 Adele Pitt Neighbourhood Policing Sergeant for Breconshire for increased presence to be made in Erwood using their cameras on a more regular basis.
